Dear Justin,

I wanted to express my thanks for the recent work completed at the JW Marriott Atlanta for the fan coil refurbishment of the Whalen units in March and April 2016.

It is a pleasure to work with a company which not only understands the work needing to be accomplished but the flexibility and responsiveness with the schedule of your workers in order to accommodate our guest occupancy levels -- all while completing the work as timely as possible. We truly appreciate this.

Additionally, I wanted to note that the performance of the Whalen units have thus far dramatically improved the negative room odor comments from our guests and the practical data on paper shows definite improvement for our room temperatures and cooling. Our "Hotlanta" summer will be the true test but so far so good with keeping our guests comfortable and happy.

I would highly recommend air°REVIVE to any hotel as a great company to utilize for services focused on extending the life of their existing HVAC assets.

Thank you again.

Sincerely,

Thomas Boyer
